Bowser Mat

Preventing ground contamination at refuelling points

Designed to be placed on the ground in front of fuel bowzers or waste oil collection bowzers, SpillTrapper Bowser Mat catches and absorbs oil and fuel spills and splashes whilst rejecting rainwater, making it perfect for outdoor use.

By holding onto any leaks and spills Bowser Mat also keeps the ground clean, dry and free from unsightly oil and diesel stains.

- Unique sorbent sandwich holds onto oil and fuel leaks whilst repelling water
- Tough mesh withstands heavy footwear and vehicles while allowing oil to soak into sorbent material
- Class-leading sorbent capacity

- For use in front of fuel bowzers or waste oil tanks
- Catches and absorbs oil and fuel spills and splashes
- Rejects rainwater
- Holds onto leaks and spills - keeps the ground clean, dry and free from unsightly oil and diesel stains.
